

School Council

Our school council meets every half term following elections that take place in the Autumn term. For each meeting the children consult with their classes around issues that have been suggested by children or staff. They then bring their findings to the meeting and make decisions as a group which they feed back to their classes.

We also have a team of mini road safety officers who make decisions and support events promoting school travel and road safety

In the last year the school council/mini road safety officers have;

Created designs for our new library

Organised safety signs for around the school

Supported assemblies

Provided feedback on school dinners and lunchtime provision – leading to improved wet play equipment
